Team Division Challenge 2018

Please note entry fee \$15

Thanks to Mike Archer of AUTO MEDICS for sponsoring this game. This is a Team Division; meaning your work place, family group or favorite hang out place will become the name of your team to be listed on the entry sheet. You gather up your group and come up with a plan as to how you will make your picks for the year, fill out the sheet and send it in. 100% of the money goes to the game as prize money and to administer the games expenses.

Every 6th race, we will give the leader a yet to be determined prize. Then we start the point total over again. So we will have 6 rounds of prize money and then at the end of the season we will award our TBD prize from Auto Medics and a trophy that crowns our AUTOMEDICS Champion, the team with the highest point total for the entire season.

Pick a car number to represent your team for each of the 36 races. YOU CAN ONLY USE ANY ONE NUMBER **FOUR TIMES. 4 times is the most you can use any one number.** If you violate this rule, a number will be chosen for you as a replacement without consulting you.

Points are awarded each week as to how your number finished. 10 points for a win, 9 for 2nd, 8 for 3rd, 7 for 4th, 6 for 5th, 5 for 6th, 4 for 7th, 3 for 8th, 2 for 9th and 1 point for 10th. You earn 5 points for a pole and an extra 5 point bonus for a pole and a win. So, 5 points for pole plus 10 points for a win plus 5 a point bonus can add up to a big 20 point week. (must be a timed pole or fastest practice time if qualifying is rained out as per NASCAR's new rule)

You can keep track of your results by looking at result sheets each week at the usual places, AUTO MEDICS 6th Ave East and 5th St. Duluth, Interstate Batteries in Superior and Miller Mall Auto Parts in Duluth and many local bars serving Coors Light. Special thanks to Miller Mall Auto Parts for expanding our prize fund for 2nd place overall at the end of the season. If you would like to award a prize in your name please call me.
